Occasionally the City may have a survey on the website that allows a visitor to vote only once. In order to keep track of whether you have voted, a cookie (a simple text file) will be created on your computer. This cookie is created on your computer by voting on the survey. It will not contain personally identifying information and will not compromise your privacy or security. The only information that is contained is the name of the survey and how you voted and will remain on your computer for the duration of the survey.
